# BEING FRANCISAN – BUILDING WITH LIVING STONES

## Summer Course on Franciscan Life

with Bro. Mark Schroeder, OFM

Sponsored by the St. Francis of Assisi Parish Pathways for Justice Committee

St. Francis of Assisi and St. Clare of Assisi had an incarnational faith that has influenced our world for over 800 years. You can learn more about these saints and the movement they started. You are part of this movement! Come join in a study course that will deepen your own insights and commitment to following the Gospel of Christ—in the spirit of Francis and Clare.

This is a study course. Nothing strenuous, yet there is “homework” reading offered. Our guide, *Build With Living Stones*, comes from the Franciscan Institute. A supplementary source will be *Building a Bridge* by Jesuit author James Martin. All reading materials will be provided at each class.... The goal is to move from head (knowledge) to guts (emotional response) and landing in between (matters of the heart).

Bro. Mark, from our local friary, will be your guide. We will start promptly at 7PM and have a guaranteed ending by 8:30PM. Brunsman Hall. All are welcome.

As the course title suggests, each of the six bi-weekly classes will build upon the previous. Yet we don’t want anyone staying away if you cannot attend each class. Come once, twice, or to all six....

A donation would be appreciated, given to Bro. Mark’s ministry, “Franciscans for Justice.”
